Can't Make it? Try the Virtual Run!

**DELAWARE PARK
ROSE GARDEN | HOYT LAKE
BUFFALO, NY**

FUNDING LUNG CANCER RESEARCH FOR A CURE

Did you know? Anyone with lungs can get Lung Cancer - not just smokers. Lung Cancer is the number one cancer killer in the world, and is the most underfunded cancer (per death) by the US federal government.* It kills more people than the three leading cancers (breast, prostate, and colorectal) combined! Help us raise awareness, educate, and fund dedicated lung cancer research.
